EDUCATION

B.Tech

Bansal Institute Of Engineering And Technology

07/2019 - Present

Lucknow

CSE

- My institute is affiliated to Dr. APJ Abdul Kalam Technical Univeristy
- My subjets are OS , DBMS , Data Structures , DAA , Computer Networks etc.
- I have an aggregate of 8.4 CGPA till now.

Intermediate

Green Field Academy

04/2018 - 03/2019

Lakhimpur Kheri

Science

- My subjects were : Physics , Chemistry , Maths , Physical Education, English.
- I have passed my Intermediate with 95.4% marks.

INTERNSHIPS

Android Developer Intern

DKG Labs

02/2022 - Present

New Delhi

A New Delhi-based software company working majorly in the field of Android Development and IoT.

Bug Fixes and new Development

- I am working on 2 projects for the company right now. One is Hero Lectro App and the other app name is Firefox Fitt.
- My major task is to remove the real-time bugs reported by our clients and to support the senior developer in the new development of both apps.
- Along with these tasks, I have trained some new comers in the team about the work.

PROJECTS

Attendance Management App (09/2021 - 01/2022)

- This app is made to track the attendance of the students in a convenient manner.
- Through this app the teacher can form classes , add students any class and mark the daily attendance of the students.
- I have used Java to develop this app on Android Studio and used MySQL Lite as database.
- Link : <https://github.com/shubham-0707/Attendance-Management-App>

Memeshare App (09/2021 - 10/2021)

- In this app the user will get fresh and new memes everyday.
- The memes are fetched by the reddit API.
- I have used the glide library to put the fetched image into the imageView.
- User can also share memes to various social media platforms.
- Link : <https://github.com/shubham-0707/MemeShare> ↗

Alarm Clock (02/2021 - 03/2021)

- I have made this project using Python Tkinter and datetime library.
- In this alarm clock user can set an alarm for any time in 24 HRS format.
- When the real-time matches with the alarm time the alarm starts to play the alarm sound.
- Link : <https://github.com/shubham-0707/Alarm-Clock-Project-Using-Python>

ACHIEVEMENTS

Leetcode (01/2022 - Present)

3 star coder at Leetcode after solving 200+ questions

Hackerrank (07/2021 - Present)

4 start coder at Hackerrank in C++
